## **Small Claim Court Meeting Monday**

Merchants and businessmen in

Merchants and businessmen in the western section of Palm Beach County, who are interested in establishing a branch of the Small Claims Court in the Glades, should attend a meeting next Monday night, March 9th at the Glades Office Building, The meeting is scheduled for 7:30 o'clock in the auditorium of the building.

Judge F. A. Currle judge of the Small Claims Court of Palm Beach County, will be in attendance as will State Representative Raiph J. Blank and State Representative Emmett S. Roberts of Belle Glade. County Commissioner Paul Rardin said that the meeting is being arranged in order that those in this section who desire to use the Small Claims Court of particular of the section who desire to use the Small Claims Court can be apprised of its intricate workings by Judge Currie and the two state legislaters.

Mrs. Mae Pope. office manager:

Mrs. Mae Pope, office manager of the Glades Office Building, has spent several days in Judge Cur-rie's court in West Palm Beach in an effort to become familiar with the workings of the court. She has been indoctrinated in that office and has been authorized to accept filing of small claims in the Evers section.

Judge Currie and the legislators said the first of the week that they were not sure, as yet, whether reg-ular sessions of the court can be held in the Glades Office Building held in the Glades Office Building without further enactment of a special bill in Tallahassee. This problem, will in all probability, be cleared up at the Monday night meeting and all merchants and professional men who are interested in the Small Claims Court should be in attendance.

## Air Shipment Of **Fancy Green Beans**

The feasibility of shippi

The feasibility of shipping extra fancy Glades-grown vegetables to Northern' markets by air freight was demonstrated by the Lake Okeechobe Farmers Cooperative the past week.

One lot of 206 wirebound bushel boxes of top-quality Valentine beans, grown by Kautz and Webb of Canal Point were rushed to the Miami airport after being graded at the LOFC packing house last Wednesday evening and loaded aboard a freight transport of Delta Alir nesday evening and loaded aboard a freight transport of Delta Air-Lines. The beans were consigned to Sklarz Produce Co., Philadel-phia, Pa., and arrived at their des-

phia, 'Pa., and arrived at their des-tination only a few hours after har-vesting in truly "garden-fresh" condition.

The lot was sold at a good price, around \$8 a box. Air freight from Miami to Philadelphia was \$7.20 per hundred pounds, or about \$2.40 a box, costing approximately three times more than regular rail or truck freight, but more than three

times faster.

LOFC was well satisfied with the results of its air freight shipments, results of its air freight shipments, according to Edmund Thomas, sales manager, who is optimistic abone, prospects for future ship-ments of Glades vegetables by air, when quality is tops and prices high, especially if arrangements can be made with the air lines to have the vegetables picked up at Palm Beach County's modern Glades airport on Bacom Point just south of the Pahokee city limits.

#### **Suicides Increase Divorces Down**

JACKSONVILLE — Florida sui-cides increased, the birth rate equalled the national rate, and di-vorces decreased in 1958, according to a preliminary report issued by the Bureau of Vital Statistics of the State Board of Health. The birth rate of 24.3 per thous-

and was nearly three times as high as the death rate of 9.7. There were 107,921 births compared with 43,-095 deaths during the year. These

695 deaths during the year. These represented a slight increase in the death rate, and a slight decrease in the rate of births.

Heart disease was, as in all recent years, the greatest killer. It took more lives than the next three leading causes of death combined. Of the first four leading causes, heart disease, cancer and stroke are generally regarded as diseases of the elderly, but the fourth, accidents, took its victims from all age groups Motor vehicle accidents, which account for 40 per cent of all fatal accidents, snuffed out lives mostly in the 25-34 age group. all fatal accidents, snuffed out lives mostly in the 25-34 age group. Diseases of infancy, heart di-sease, stroke, cancer and influenza

and pheumonia all showed slight increases. More than two-thirds of the heart disease deaths were at-tributed to hardening of the art-eries. The report said the rise in influenza deaths could be attributed to the influenze epidemic of late 1957. No guess was offered as to the reason for the rise in suicides from a rate of 11.5 to 13.5 per hun-

dred thousand population.

There were 34,440 marriages during the year, a figure just under double the number of divorces, 17,566. The decrease, in divorces, from 18,744 in 1957 was said to be due probably to the new divorce law which went into effect in October of 1957, and requires six months of residents before applying for divorce in Fordia. ing for divorce in Florida.

# Pick your savings target and shoot straight for it!

 ${f A}$  home . . . financial security . . . a business of your own Important savings targets like these cost money—a substantial and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it wonks:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest 3% compounded semiannually when held to maturity (9 years and 8 months) - they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

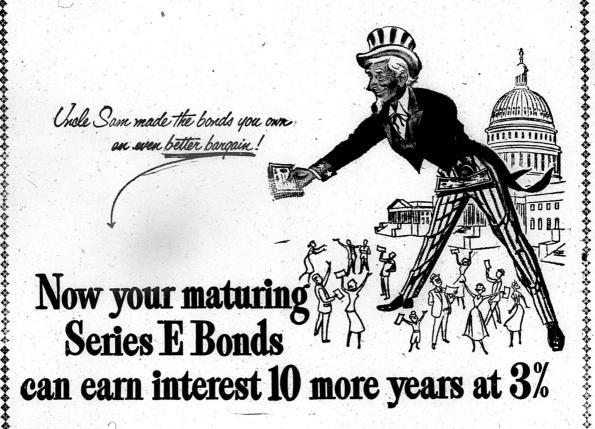

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest st \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonda regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The Everglades News

PAUL RARDIN, Publisher

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds when you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the excended earning period. They will start earning interest sooner and mature earlier, too. paying 3%, compounded semianmally.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be sedeemed at any time after you have held it for two months, But, like any other form of saving, your Bonds will mean a great deal more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work, Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90...in 9 years and 8 months, you? I have \$2,850.70... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to seem! it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!
